FOLD

Instructions:

1. Cut out the cover insert, on page 1, around the outer
    perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.

4. Cut out the tray insert, on page 2, around the outer
    perimeter.
5. The right-most long narrow title "tab", on the tray
    insert, is for CD case with a transparent tray.
    Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree
    angle, away from the main tray cover portion. If the
    right-most "tab" is retained for a transparent tray, fold
    that "tab" 90 degrees again, away from the title
    "tab" next to it. The text should appear around the
    exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat
    against the case.

10. Please appropriately discard this portion and the scrap bits
    of paper.

Short Science Fiction Collection 013

Science fiction (abbreviated SF or sci–fi with varying punctuation and case)
is a broad genre of fiction that often involves sociological and technical
speculations based on current or future science or technology. This is a
reader–selected collection of short stories, first published between
1951 – 1962, that entered the US public domain when their copyright was not
renewed. Summary by Cori Samuel, with Wikipedia input.
